

FISCAL NOTE

HB 2295 - SB 2632

February 21, 2002

SUMMARY OF BILL: Clarifies that the whenever the Commissioner of Education is authorized by the State Board of Education to take responsibility for the operation of any local school system or school that has been placed on probation, the state acting under the authority of the State Building Commission, can require the county legislative body to appropriate and expend funds for school building improvements, *renovation*, *expansion*, demolition, or new construction.

ESTIMATED FISCAL IMPACT:

Increase Local Govt. Expenditures - Not Significant

Assumes that *renovation and expansion* would qualify as school improvements. Since current law already allows appropriations to be used for school improvements, the inclusion of renovation and expansion, would not result in any significant increase in local government expenditures.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
